

THE ADVOCATE

WHOLE FLOWER & PRE-ROLLS

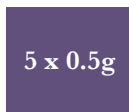

The Advocate

The Advocate by Eve & Co is an indica-dominant strain with a strong THC potency potential. Each flower is greenhouse grown in Southwestern, Ontario and is hang-dried, machine-trimmed and hand finished to maintain optimal taste, flavour and quality. Its aroma is berry and candy like thanks to the beta caryophyllene and humulene in its terpene mix. The Advocate is available pre-rolled and in 3.5g dried flower weight.
